RE: Waste Management (Facility Permit and Registration) Regulations 2007 and the Waste Management (Facility Permit and Registration) (Amendment) Regulations 2008 – grant of application.

Dear Mr Caldwell,

In reference to your application to Donegal County Council for a waste facility permit dated the 15th September 2011, this has been granted subject to attached schedules and conditions. You should read the waste facility permit and attached schedules carefully. This waste facility permit is granted on the understanding that your waste facility does not cause a risk of environmental pollution.

Donegal County Council would like to bring to your attention that you are only authorised to recover wastes set out in Schedule 2.

This waste permit does not exempt the permit holder from complying with the requirements of the Planning Acts or any other relevant legislation.

Yours sincerely,

For the Director,
Water, Environment and Emergency Services.
